Table of Contents: Volume 1

Number 1

Editorial 5

Developing Control and Integration Software for Flexible Manufacturing Systems ..... *N.B. Hadj-Alouane, J.K. Chaar and A.W. Naylor* 7

Integration Issues Elucidated in Large-Scale Information Systems Development ..... *B.I. Blum* 35

The Integration of Reusable Software Components ..... *H. Weber* 55

An OSCA™ Architecture Characterization of Network Functionality and Data ..... *J.A. Mills* 81

Some Thoughts on Systems Integration: A Conceptual Framework ..... *W. Rossak and P.A. Ng* 97

Number 2

Software Merge: Models and Methods for Combining Changes to Programs ..... *V. Berzins* 121

On Interfaces ..... *R. Abbott* 143

A Knowledge-Based System for Ada Software Development ..... *J.J.P. Tsai and R.Y. Sheu* 163

Integrating Integer Programming and Probabilistic Deduction Graphs for Probabilistic Reasoning ..... *H.-L. Li and C.-C. Yang* 195

Shape Recognition by a Scale Invariant Model ..... *E.B. Eom and E.J. Park* 215

Object Representation and Recognition Using Mathematical Morphology Model ..... *F.Y. Shih* 235

Number 3/4 (Special Issue: CASE)

Editorial 263

A Systematic Approach to Process Modeling ..... *R.T. Yeh, R.A. Schlemmer and R.T. Mittermeir* 265

Integrating Domain Knowledge, Requirements, and Specifications ..... *W.L. Johnson, M.S. Feather and D.R. Harris* 283

CASE Planning and the Software Process ..... *W.S. Humphrey* 321

PProto: An Environment for Prototyping Parallel Programs ..... *R.D. Acosta* 339

Object Management Machines: Concept and Implementation ..... *B. Holtkamp and H. Weber* 367

An Integrated Automatic Test Data Generation System ..... *A.J. Offutt* 391
